## Saints and Sinners Enjoy Sadie Hawkins Dance

Gaston Curial of the Centennial Committee of St. Albert thanks Mrs. Linnell following her address to the Reception, Chairman Don Hunt (centre) stands by.

Photo by John's Photo Craft.

The Saints and Sinners Square Dance Club borrowed ideas right out of Dogpatch to come up with some hilarious costumes for their Sadie Hawkins Dance Nov. 19th in the Father Jan School. Name Yokum and Lil Abner (Mr. and Mrs. K Gray) were awarded the costume prize. Gay Dogpatch motifs decorating the gym added colourfully to the hillbilly atmosphere. Under the able calling of "Marrying Sam" (Syd Deguire), dancers from Fort Saskatchewan, Edmonton and St. Albert enjoyed a delightful evening.

The Saints and Sinners are comparative newcomers to square dancing as they enter their third season. They have two full squares in the Intermediate Club, who meet on alternate Saturdays plus 4 squares in the Beginners Club, who meet every week. The Beginners will be taken into the Intermediate Club

ment owner is using public funds for private profit and should at least pay the going rate for conventional mortgages.

Rich provinces like Alberta, with huge capital reserves could establish a mortgage crown corporation to provide funds for low income housing that would return a 6 per cent interest rate.

The National Housing Act should set a maximum limit of 6 per cent on low income housing units in the \$5,000 to \$2,000 range and a maximum of 6 1/2 per cent in the \$2,000 to \$20,000 range. New mortgages should be made available for older homes and the NHA should be extended to farm families as well.

Banks and mortgage companies could be required to purchase guaranteed mortgages from CMHC based on a percentage of their reserves and at a set interest rate.

This would remove the inflationary pressure that would result if the government simply released more CMHC loans without removing a corresponding amount of money from the private sector of the economy.

There are probably other solutions to the problem but I'm convinced that the National Housing Act is not doing the job it was supposed to do, which is to supply adequate housing for Canadians at a reasonable cost and at a reasonable rate of interest.

I don't think that the public are generally aware that almost all new high rise apartments are being built through Central Mortgage and Housing funds. I believe we should use public funds for multi-dwelling units for low income families but I am opposed to a situation which allows one promoter to build a multi-million dollar apartment complex and end up owning this asset outright, which has been financed by the Canadian taxpayer.

It's time we explored other avenues to see if we can keep the interest rate down and find new sources of money for C.M.H.C.

First, I believe that a lesser amount of money should be made available for high rise apartments and that the investment ratio for the promoter should be increased. The high rise owner should also pay a substantially higher interest rate than the home owner. After all, the apart-

A New Year's Eve Dance is being arranged by the St. Albert and Fort Saskatchewan Clubs who will co-sponsor the event in the community hall at the Fort. About 150 dancers will attend.

## Editorials

When an outstanding community leader like Mrs. Marianne E. Linnell, Director of the Centennial Commission, Ottawa, says that St. Albert has more Centennial projects and ideas than any place in Canada it is just cause for all our citizens to feel proud of their community. This statement comes from a woman who is a Director of the Centennial Commission and exceptionally well informed on what is being done by many centres all over Canada.

Her words of praise should also remind us of how much we owe as a community to the St. Albert Centennial Committee. It would be difficult to think of any other single group who have ever done so much to publicize the Town of St. Albert - and they are not finished yet by any means!

While we are basking in this warm glow would be a good time to consider how we can best support our Committee executive and staff. They are holding a public meeting on Friday evening of this week (December 2nd) . . . what better boost could we give them than turning out in force?

BOY SUSPENDED  
FOR HAIR CUT;

"FIRST CLEANSE THE INSIDE"

On Friday, November 29th, we received a letter from Mr. R. L. Thronson, Principal of the St. Alexander MacKenzie School, with copies sent to Dr. A. J. Proudfoot, Superintendent and R. W. Fraher, Vice-Principal, mentioning that his son, Alex Netelembos, was suspended as a student of the above mentioned school, because of the fact that his hair cut is in violation with the regulations covering hair-cuts in the St. Albert Separate Protestant School District.

We don't blame the Principal, who acted upon the school laws, as he writes "I am forced".

What we protest is the sad fact that these ridiculous laws and regulations, which attack and cut the parents' privileges and authority, were invented, promoted (with lots of problems) during a time when the Protestant School Board had the pleasure to be advised in these fields by an ex-policeman with dictatorial ambitions. At the time when the board became aware that the majority of their supporters disliked this kind of regulation, the adviser left the School District, leaving the troubles behind him.

It seems that the School Board has forgotten this period which was a time of frustration to many of the Protestant School supporters.

We have brought and are bringing up our children with the knowledge to respect their teachers at any time. In 20 years we have never had any disagreement or conflict with any teacher or School Board at any place. If ever one of our children were punished by a teacher we accept-

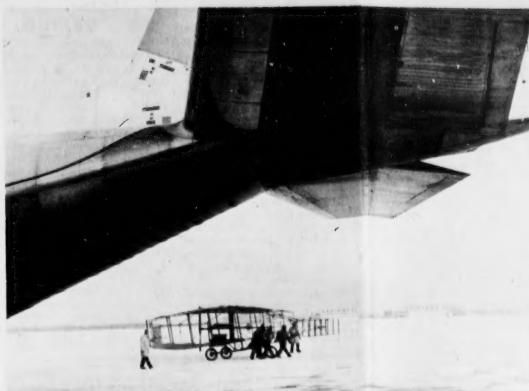

ted this as a normal part of the teacher's authority.

But as soon as a School Board or teacher starts interfering in the many fields of privileges which belong to the parents, only then do the parents have to defend their rights in all sincerity.

In our eyes a teacher can demand, especially at a SEPARATE PROTESTANT SCHOOL that the student should be honest, not bold, not swearing, not smoking, not stealing, having clean hands, ears, face and nose, obedient and respectful of his teachers and of course polite in all circumstances. But in the field of food, clothing, foot wear, hair dress and/or general appearance the teacher and the School Board should refrain from any interference as these are significant privileges for the parents only, and they will decide as the only authority for the best interest of their children.

Analyzing the above mentioned principles the question could arise as to what the School Board especially THE PROTESTANT SCHOOL BOARD, is doing to encourage and to help the students to be honest, obedient, not bold, not to swear and to be polite etc.

As the basic principles for these qualities of character are pretty clearly laid down in the Holy Bible, and as the Protestant Separate School District was not established to be "Non Roman Catholic" but to act and live as positive Protestant Christians, one would expect that the students at such a School District are at least taught out of the Holy Bible for the sake of their qualities of character. As this is not done by the School District as a whole (because some negative protestants, teachers and parents, protested), we must ascertain that the Prot-

Members of the Alberta Aviation Council unanimously approved a resolution of their 1966 convention in Edmonton which criticizes present Department of Northern Affairs policy restricting airfield development in National Parks, emphasizing their belief that current policy is "old fashioned", several members are shown with a replica of the 1908 Silver Dart, in the foreground is the tail section of a "Hercules" Transport Aircraft.

## First craft to fly in Canada

The 1908 Silver Dart was built by Glen Curtiss in his motorcycle shop in Hammondsport, New York, with a wingspan of 49 feet, wing area 420 feet and weight, fully loaded, 800 pounds. It was piloted on the initial Canadian flight on February 23, 1909, by the late J. A. McCurdy, who became the first man to fly an aircraft in Canada, and the first British subject to control the flight of an aircraft, Anative

estate School Board has failed frightfully, instead of that the Board by intention we don't write PROTESTANT BOARD was very busy with all kinds of regulations to assure that the external part of the student would be in the most perfect way. At least something should be done!

In other words the Board is more worried (THE PROTESTANT BOARD) about the temporary look of the student than matters vital to life for the internal and eternal well being of the student. Where are all the moral and Christian regulations at the Protestant Separate School District? Are they ever coming or is one still afraid to be a witness for the highest values one ever can give to children and adults?

Our defence is not based on the fact that even teachers are violating the ridiculous hair cut regulations. It is not based on the fact that even teachers are more than surprised that a boy is suspended from school for his kind of hair cut. No it is based on the fact that PROTESTANT SCHOOL BOARD TRUSTEES cannot come forward with progressive positive Christian ideas and action, instead of that failing down to a simple hair cut or kind of dress, laid down in surprising clear regulations.

If our boy ever cuts his hair as laid down in the regulations, it will be on our order as his parents, in order to protect his years of study for his sake. But it will be done under protest and it will be brought up during the next annual School District meeting.

Mr. & Mrs. W. J. Netelembos,

of Baddeck, Nova Scotia, his father had been secretary to Dr. Alexander Graham Bell. McCurdy was one of the original members of the Aero Experiment Association, a company which built and flight-tested several aircraft during 1907 and 1908, financed by Mrs. Graham Bell.

On Feb. 23, 1909, McCurdy piloted the Silver Dart over the frozen surface of Bras d'Or Lake thus achieving the first heavier than air flight in Canada, March 7, 1910, McCurdy flew "Baddeck II" twenty miles in 16 minutes,

and later that year won the world's biplane speed record. On August 27, 1910, McCurdy transmitted the first wireless message from an aircraft to the ground.

The Silver Dart crashed and was destroyed at Petawawa Army Camp in August 1909 during military testing. The engine was placed in a motor boat which sank. It was recovered two years later, refurbished and now rests in the Aeronautical Museum in Ottawa. To commemorate the first historic Canadian flight two flying replicas were built by the RCAF in 1958.

Shown above is an architect's sketch of the Bonaventure Hotel with the proposed new shopping centre complex at right. The complex will house 28,000 square feet to accommodate nine prospective stores on the almost eight-acre site, which will also provide parking for up to 700 cars. The owners of the hotel are proceeding with this centre on the basis of growth of the residential and light industrial population of the neighbourhood, and the demand by two national shopping centre tenants.

**Mission Hill News**

Angela Mary Parth, daughter of Mr. & Mrs. George Parth was baptized Sunday, November 20th by Father C. Levangie, O.M.I. Her sponsors were Eamon

Frances and Rose Mary McGee. The marriage of John J. Stitsen and Marie Bernadette Hebert of this parish took place at the St. Albert Church Saturday, Nov. 26th with Father C. Levangie, O.M.I. officiating.

Sunday, November 27th the first Sunday of Advent marked the beginning of a new liturgical year. These four weeks before Christmas are a period of intense preparation to put Christ back into Christmas. They are a time of "pregnant expectation" -- a time of excitement, predicting, planning and joyous await-

ing for the coming of Christ.

Many families of the parish are introducing the custom of the Advent Wreath which has been adapted from a North European tradition of the 19th Century. In Christian symbolism the wreath represents God's love which has no beginning and no end; the evergreen symbolizes His love which will never end. Each candle represents the four corners of the world; also that Christ is the light of the world.

KNIGHTS OF THE ALTAR:

Election of officers was held last week and we are pleased to present the names of our new executive: President - J. Langvin; Vice-President - D. Genereux; Secretary - M. Baker; and Treasurer - A. Kennedy. Congratulations boys and a vote of thanks to the past executive. In two weeks' time we will have installation of officers, investiture of apprentices and a rank promotion ceremony. A special invitation is extended to the parents of the boys to assist at this ceremony.

**Bridge Club**

The Annual Inter Club game between the St. Albert Bridge Club and the Edmonton 700 Wing was won by the Wing with a total score of 1097, St. Albert's total was 1063.

Top scores for the Wing were Mr. and Mrs. Joyner; Mr. and Mrs. Skel and Mrs. J. Brunette - Mrs. M. Jacques. The St. Albert top scores were Mr. and Mrs. Neelands; Mr. Ahrens-Vandenberg and Mr. Wiersma - Breunese.

The President of the 700 Wing thanked the St. Albert Bridge Club for their fine hospitality and team spirit. Mr. Roger Dalphon, the president of the St. Albert Bridge Club, thanked the 700 Wing for the pleasant game and presented the prizes to the 6 winners. A rematch will take place in Edmonton during spring of 1967.

D. of Sturgeon No. 90 pays the group rate of \$1.50 per year on your behalf, which is deducted from your taxes. At no time will you be billed or asked to pay any additional subscription fee to us.

As the subscription amount is paid out of the general fund of the M. D. of Sturgeon No. 90 you will pay no money directly to us as long as you are a Municipal ratepayer, and a contract with the Municipality is in effect. It takes the ladies playing the part of the wives of the Fathers of Confederation three hours to dress—and no wonder. Mrs. Georges Cartier (Mrs. Ellen Bentley), left, has more than 30 tiny buttons to be fastened on her gown by Mrs. T. A. Laidlaw, who plays Mrs. Joseph Smallwood in the pageant. Mrs. John A. Macdonald (Mrs. T. D. DeBuss) has her 19th century bridal veil adjusted by Anne Irwin. Mrs. Charlottetown Confederation Conference, 1864

## It takes three hours to dress up like this

Up to their eyebrows in diapers and dirty dishes, 19 Charlottetown fathers heaved a collective sigh of relief when their wives finally returned home after an extensive Centennial tour. The ladies had been portraying the wives of the Fathers of Confederation, dressing and acting the part in a historical pageant called the Ladies of the Province—Confederation Parade.

Between them they left 60 children behind for frenzied fathers

to look after.

The women, all members of the Junior Ladies' Aid of Prince Edward Island Hospital at Charlottetown, originated the parade in 1964 on the 100th anniversary of the Charlottetown conference. They have been aided by the Centennial Commission during their tour across the country. As far as could be learned, the harried fathers made out all right while their wives were away but one woman got the short end of the stick. Her husband

was the male organist accompanying the troupe. He left her with eight youngsters to look after.

When the ladies first suggested the project they didn't realize how much work they were in for. Lots of research had been done on the actual Fathers of Confederation but information was skimpy on their wives—and especially the fashions they wore in those days.

It took two years for the ladies to put the show together after exhaustive searches through federal and provincial archives, libraries across the country, old books, private letters and documents.

The ladies decided to portray the wives of the Fathers of Confederation in costumes worn at the time each province came into Confederation.

And it is no easy task. It took the ladies three hours to be corseted, bustled, hooped and hooked into the costumes of a more genteel and graceful age. So far, thanks to the Centennial Commission, they have appeared in Newfoundland, Western Canada and Ontario. And—husbands beware—they're also scheduled to appear at Expo next year.

## A Candle For The Cake

by Patricia Hamilton.

"Dibs and dabs of Canadian history would be good in your column", the lady said. "Yes", I said. "We all know American history pretty well from the movies and T.V. programs out when it comes to our own history we are usually shaky," she said. "Yes, we are", I said. "You could have people send in their favourite vignettes," she said. "Yes", I said. "Give me yours now and I'll write it this week. It's an excellent idea." "Well," she said "I'd have to go look something up first".

This conversation happened last week and with one month left in our first Century. We should "go look something up". We are shaky on our Canadian history, many humorous, comic and heroic moments highlight our past. Have you a favourite pioneer story? Go look one up if you have to. Today is built on yesterday tomorrow on today. If we knew where we were, we might find out where we are going.

A gentleman reader tells me I have been terribly remiss in not mentioning the Pan American games in Winnipeg next summer. He has planned a Centennial trip to the games. They are a wonderful opportunity for sports fans to see international competition. This is the largest sports event, as to numbers of entries in different events ever held in North America. Winnipeg is getting spruced up to welcome everyone. Keep it in mind! For everyone, but especially for those people who can't travel a long distance in 1967 the Centennial Caravan is coming to bring the rest of Canada to you, in miniature. St. Albert citizens can go to Edmonton to see it, but to avoid crowds and waiting in line we have been invited by the Mayor of Morinville to view the Caravan there, on SEPTEMBER 30th, 1967. Mark that down as a date to remember.

The lady who gave this recipe says it's as much fun as making muddies but that is tastes much better. Thinking of our prairie gumbo, I'm inclined to agree. "COCKEYED CAKE" Into a greased 8" square pan sift 1 and 1/2 cups flour, 1/4 tsp salt, 3/4 cup sugar, 1 tsp baking soda, and 3 tbsp cocoa. Toss and smooth lightly in pan. Make three well-holes in the dry ingredients. Into one well put 1 tsp vanilla, into the next well put 6 tbsp cooking oil, into the last well put 1 tsp vinegar. Over all pour 1 cup water. Mix well, scrape corners out carefully. Bake at 350 for 25-30 minutes. For a richer cake substitute 3/4 cup water plus 1 egg, for the 1 cup water. Lemon icing is delicious on this dark, moist cake.

Mrs. Linnell has come, presided over a highlight in St. Albert's history, and gone back to Vancouver. But she brought and left with us the feeling that we are not an isolated bubble of Centennial activity, by coming she tied us to the rest of Canada and other Canadians who are working as hard as we are for the same ideal. The St. Albert Centennial Committee wishes to thank everyone who, by being present at the sod-turning ceremony, helped welcome Mrs. Linnell. The Committee continues to need your support. Please send or phone your ideas to me at 46 Belmont Drive, 599-6758.

Christmas shopping is now demanding attention. A suggestion for a children's gift is a jigsaw puzzle which is a map of Canada. To carry it further there are puzzles of the world map which would show Canada in relation to other countries. Some people send calendars with colored pictures of Canadian scenes on each page and there are attractive calendars available with Eskimo prints. There are long strings of beads made from Indian corn for the teenage set, stringless clasped with bits of polished dinosaur bone for the men and Canadian mink for the ladies. That last idea seems to be popular. Go shopping! SEE YOU THERE!

**Santa needs spirit but not from bottle**

One of the chores which loom before department stores and shopping centres this time of year, comments Style, is hiring Santa Claus. Generally found among the ranks of unskilled workers, the fashion newspaper notes, all too often the spirit of Christmas is the kind which comes out of—or drowns itself in—a bottle. "Finding a Santa who is as jolly as necessary—but sober is not easy. Usually Saint Nick is discovered through unemployment bureau or annual ads in local newspapers. One shopping plaza has solved the problem with a \$500. annual contract for a regular Santa Claus, who this year puts in his fifth year at the centre. He is a veteran actor, is genuinely fond of children, has a real knack of handling them well, and looks and acts like Santa. People come back to see him year after year, with new young believers in tow." Basic requirements of a store Santa, says Style, are: cheerful, good natured, fond of children, and non-drinker—at least while on duty. Tubbiness and white whiskers aren't fundamental needs; they can be added as required, but the sentimental temperament must be there.
